

TERREBONNE PARISH CONSOLIDATED GOVERNMENT PUBLIC HEARING FY 2025-2029 CONSOLIDATED PLAN

PURPOSE

We will be conducting our first of two public hearings to gain input from our citizens, local agencies, and organizations about the development of the Terrebonne Parish Consolidated Government FY 2025-2029 Consolidated Plan for the Community Development Block Grant (CDBG) Program.

BACKGROUND

The Five-Year Consolidated Plan is required by HUD as a prerequisite for the CDBG Program. It identifies the overall needs of the Parish in providing decent housing and sustainable living environments, as well as expanding economic opportunities for low-and moderate-income families. Throughout the planning process, priorities are established for meeting these needs.

OBJECTIVES

The FY 2025-2029 Consolidated Plan will:

- Function as the primary planning document and contain an action plan to assess performance
- Establish a unified vision for future community development actions
- Meet the submission requirements of CPD formula
